The Riviera Maya, Mexico is known for white sand beaches and warm tranquil waters, protected by one of the world's largest barrier reefs. Home to ancient Mayan ruins at Tulum and Coba, the destination also offers wonderful snorkelling and scuba diving, an 18-hole championship golf course and endless activities.

Transat Holidays have weekly flights and many excursions to discover the area and culture. If you have ever dreamed of swimming with dolphins, encountering the ancient Mayan culture by exploring mysterious pyramids or sailing in a catamaran across blue, blue waters - Transat Holidays can enrich your vacation with these and other experiences.

A superb selection of Continental, International, Mexican, Italian, Asian and Caribbean delights awaits you at seven stylish a la Carte restaurants with unique atmospheres and exceptional service. Menus are changed every day for 14 days – so unless you are staying for more than two weeks, you will never see the same menu twice!

Bathe in one of the 13 swimming pools or take advantage of a variety of fitness options with a complete fitness centre, tennis courts and bicycles so you can ride around the beautiful grounds. Join in a yoga class or take a sauna or steam bath and get pampered with spa services, including the popular "couples massage lessons".

Then get ready for the exciting nightlife. Each night, the disco comes alive in a huge palapa. Red Carpet Night offers a heady mix of gourmet food, wine and tequila tasting, cigar rollers, a live band and acrobats.

RIVIERA MAYA, MEXICO	<p>It starts with a special location - the Riviera Maya is mystical, mesmerizing and magnificent... The Mayan coast is a favourite spot around the world for vacationers seeking beauty combined with Mexican hospitality.</p> <p>The area boasts intriguing Mayan ruins, spectacular scuba diving, eclectic towns & villages and adventurous eco-tour options - not to mention upscale shopping, sizzling nightlife and tantalizing cuisine. Serviced by the Cancun International Airport, the Riviera Maya is a destination not to be missed. Flights are available with Transat from airports right across Canada.</p>
Location	Southeast Mexico, facing the Caribbean.
Geography	The Yucatán's Caribbean coast is 380km long, stretching from Cancún all the way to Chetumal, at the border with Belize. The northern half of the coast has been dubbed the "Riviera Maya"; the southern half, the "Costa Maya." In between is the large Sian Ka'an Biopreserve.
Name	The Mexican name for the Atlantic coastal region of the Yucatan Peninsula is "Riviera Maya", named after the Mayan People. The English use is either Maya Riviera or Mayan Riviera. Cancun comes from "Kankun" (a single word written with the two "k's"), which means "pot of snakes" or "nest of snakes" in Maya.
Language	Spanish, but English is widely spoken in the resort areas
Currency	One Canadian Dollar = 12 Mexican Pesos (May 2011)
Tipping	10-15%
Government	Democracy
Documentation	Passports are required for Canadian citizens, but no Visa is necessary.
Time zone	Central Time
Health	No inoculations needed; drink bottled water to avoid 'turista', an upset stomach.
Safety tips	Car break-ins are just about the only crime here. Despite concerns about safety in Mexico which have been largely created by lurid media reporting, Mexican tourist destinations remain as safe as most other major destinations. Mexico's President Felipe Calderon told the World Travel and Tourism Council (WTTC) summit in Las Vegas on May 19 th 2011 that the murder rate in Mexico was lower than in much of the US. "The rate of homicide is 15-16 per 1,000 – lower than in Washington DC, in Pittsburgh or in New Orleans," he said. "It is lower than in Puerto Rico. Yucatan has a rate of less than two per 1,000 – similar to places in Europe." The president also suggested the US bore a responsibility for the increasing violence. He

	<p>said: "There are 8,000 gun shops along the US side of the border with Mexico. We seized more than 100,000 guns from criminals and 85% were bought in the US." A sobering thought...</p>

CLIMATE	
General climate	The average annual temperature of the Riviera Maya is 25.5 degrees Celsius, with fluctuations of 5 to 7 degrees. Occasional hurricanes (e.g. Emily and Wilma in 2005)
Today's weather	28 degrees and sunny (21 st May 2011)
Best time to visit	Year round (the hurricane season is July-Nov, but you would be very unlucky to encounter one of these storms)

GETTING THERE	
Flying time	4 hours from Montreal and Toronto
Cities	<p>Cancun</p> <p>Cancun is situated on the south-east coast of Mexico in the state of Quintana Roo in the Yucatan Peninsula. Warm white powdery sand beaches and turquoise crystal clear waters together with the famous Mexican hospitality make this a place like no other.</p> <p>There are a thousand and one things to do in Cancun. There are many world-class luxury hotels dotted all along the edge of the beautiful Caribbean Sea, and on the other side you have the Nichupte Lagoon with many romantic waterside restaurants and trendy bars. Add a full range of water sports, including some of the world's most exquisite snorkeling and scuba diving, plus championship golf courses and you have a location that will delight even the most discerning traveler.</p> <p>For water sports enthusiasts, Cancun offers some of the best scuba diving, snorkeling and fishing in the world, owing to the Great Mesoamerican Reef just off the coast of Cancun. This is the second largest reef in the world – second only to the Great Barrier Reef in Australia.</p> <p>In Cancun you have such a varied choice of cuisine, with everything from downtown traditional Mexican restaurants to ultra-chic bistros. You will find something to suit all tastes and budgets and will get fantastic service with a smile wherever you go. Cancun's Hotel Zone is renowned for its nightlife, boasting some of the best nightclubs in the world playing everything from salsa to disco to R & B and live music venues. You will find something to suit all ages and tastes.</p> <p>Downtown Cancun offers a captivating mixture of tradition and modernity. If you like to enjoy a real local atmosphere in a safe and friendly environment then this is the place to come! – a handicrafts market – to the super modern shopping mall Plaza Las Americas.

The **Cancun Aquarium** located near Cancun's hotel zone boasts a large numbers of fascinating Marine life exhibits. There is also an area to get up close to various marine life including star fish and sea cucumbers.

Puerto del Carmen - Playa, as it is called, is the most happening place on the coast - a delightful beach (especially when the wind and currents are flowing in the right direction), hotels for every budget, a good choice of restaurants, and an active nightlife, most of which is on or around Quinta Avenida (Fifth Ave.), Playa's well-known promenade. In the last few years the town has grown quickly, and local residents and the tourism board are working to keep it from becoming a smaller version of Cancún.

Puerto Morelos - This town between Playa and Cancún remains a little village affectionately known by the locals as "Muerto Morelos" (muerto means "dead") for its phenomenally quiet low season. It has a few small hotels and rental houses, and nearby are a few secluded spa resorts. The coast is sandy and well protected by an offshore reef, which means good snorkeling and diving nearby, but the lack of surf means sea grass and shallow water. If you're looking for good swimming, head farther down the coast. If you're looking for a relaxing seaside retreat with a clean beach in an easygoing community, this will work for you.

Puerto Aventuras - The first major town south of Playa is a modern condo-marina development with a 9-hole golf course, several restaurants, and a few hotels. You might come here to go deep-sea fishing or swim with dolphins.

Akumal - A bit farther south is Akumal and Half Moon Bay. The community is relatively old for this shore, which means that it's already built up and doesn't have the boomtown feel of Playa and Tulum. Akumal has a strong ecological orientation and is a prominent scuba and snorkeling center. The locals are a mix of Americans and Mexicans, who enjoy the unhurried lifestyle of the Tropics, making this a good place to relax and work on your hammock technique. There are a few hotels; most of the lodging is rental houses and condos. Consequently, the town is a favorite with families who enjoy the calmness of the place and can save money by buying groceries and cooking for themselves.

Tulum - The town of Tulum (near the ruins of the same name) has a hotel district of about 30 palapa (palm-leaf roofed) hotels, which stretch

	down the coast of the Punta Allen peninsula. A few years ago it was mainly a destination for backpacker types, but with some of the most beautiful beaches on this coast and many improvements in hotel amenities, it now attracts people with big budgets. Construction is booming, both in the town and along the coast. Here you can enjoy the beach in relative solitude and quiet.
Distances	The tranquil paradise of the Mayan Riviera stretches more than 100 km south of Cancun offering stunning beauty with ruggedly beautiful beaches, lush vegetation and a charming Mexican atmosphere. Cancún – Tulum 130 km Cancún – Cobá 167 km Cancún – Chichén Itza 193 km Cancún – Puerto Morelos ... 32 km Cancún – Xcaret 72 km Cancún – Xel-Há 124 km
Ferries	You can take a ferry to Cozumel , which you catch in Playa del Carmen. There are two ferry lines transporting passengers now. The ferries leave every hour. The ride is approximately 45 minutes, depending on the sea conditions \$11 The island of Isla Mujeres is located off the coast and is accessible by boat from Puerto Juárez.
Car Rental	All major companies are represented here.
Buses	A collectivo is a mini-bus that runs up and down the coast along highway 307 from Cancun to Tulum. It is an inexpensive way to travel up and down the Riviera.

ACCOMMODATION TYPES	All Inclusive resorts predominate here, but there are smaller, pension type properties in Playa del Carmen.

TARGET GROUPS	
Kids	<p>Xcaret is a developed Nature Park, eighty kilometers south of Cancún and 10km south of Playa del Carmen. Xcaret (pronounced "ish-cah-ret") is an ecological and archaeological theme park that is one of the area's most popular tourist attractions. It's the closest thing to Disneyland that you'll find in Mexico, with myriad attractions in one location, most of them participatory. Signs throughout Cancún advertise Xcaret, which has its own bus terminal to take tourists there at regular intervals. Plan to spend a full day.</p> <p>Tres Ríos ecoadventure park 25 minutes south of Cancún is actually a nature reserve on more than 60 hectares of land. Tres Ríos (tel. 998/887-8077 in Cancún; www.tres-rios.com) offers families a beautiful natural area for kayaking, canoeing, snorkeling, horseback riding, or biking along jungle trails. It's definitely less commercial than the other</p>

	<p>eco-theme parks and is essentially just a great natural area for participating in these activities. The entrance fee - \$22 for adults, \$19 for children - includes canoe trips; the use of bikes, kayaks, and snorkeling equipment; and the use of hammocks and beach chairs once you tire yourself out. Extra charges apply for scuba diving, horseback riding, and other extended, guided tours through the preserve and its estuary. You can also opt for an all-inclusive package that covers admission, diving, horseback riding, and all food and beverages. It costs \$75 per adult, \$62 for children under 12.</p> <p>The ecopark at Xel-Ha (tel. 998/884-9422; www.xelha.com), 13km south of Akumal, attracts throngs of snorkelers and divers with its warm waters and brilliant fish. The beautiful, calm cove is a perfect place to bring kids for their first snorkeling experience. Xel-ha (shell-hah) also offers dolphin swims and has food and beverage service, changing rooms, showers, and other facilities.</p>
Teens	<p>In Cancún, the Parque Nizuc marine park offers guests a chance to swim with dolphins and view them in their dolphin aquarium, Atlántida. The price of the dolphin swim (\$135) includes admission to the park. It's a fun place for a family to spend the day, with its numerous pools, waterslides, and rides. Visitors can also snorkel with manta rays, tropical fish, and tame sharks. It's at the southern end of Cancún.</p> <p>Xplor: Xplor is a unique underground world, with four activities that invite you to Xplor and rediscover your emotions and senses immersed in nature. This unique place is found in the heart of the Riviera Maya on the highway to one side of Xcaret. Xplor offers you the chance to dive deep into the entrails of the Earth in way that would previously have been unimaginable, submerging yourself in a sea of stalactites and stalagmites, navigating on an underground raft, after a fantastic flight through the jungle, or like a modern Xplorer, driving an amphibious vehicle that can travel equally on water and underground and also through the intricate paths filled with thick foliage.</p> <p>Selvatica: the adventure kingdom is strategically located in between Cancun and Playa del Carmen (only 30 minutes away from either town). With over 330 acres of jungle, their 3 high-rope circuits including the "Aventura" zipline circuit (11 cables), plus its brand new "Extremo" course (12 ziplines), and America's first A.C.C.T. fully certified Aerial Trek (high ropes course with over 20 elements), Selvatica offers adventures for everyone, from 6 to 96 year olds.</p>
Honeymoons & Weddings	The Riviera Maya is a popular destination for weddings and honeymoons. These are best arranged through the tour operator with

the resort itself. For instance, there are special wedding and honeymoon packages available at the El Dorado Royale with Transat Holidays.

UNIQUES	<p>Coba: Set inland, deep in the jungle, surrounded by shallow lakes and accessed by "sac-be's", a network of formal limestone roads built by the Mayans over a 1000 years ago, awaits the ancient city of Coba, located about 25 miles west of Tulum. Coba served as a Ceremonial center that flourished during the Classic Period (300-1000 A.D.), with 50,000 inhabitants. Coba, the capital of the largest Late Classic Empire in the Northern Lowlands, the city's most important structure is the Nohoch Mul, which is the tallest pyramid in the Yucatan Peninsula, stands 138 feet tall.</p> <p>The road to Cobá begins in Tulum and continues for 65km; there are also buses to Coba from Puerto Del Carmen</p>
Surprising	<p>Cenotes, or sink holes, can be found all over the Yucatan Peninsula. These sink holes can be several meters deep and lead the explorer to pure, cool, crystal clear water. Their natural beauty and refreshing waters are the reasons why cenote exploring is a favourite local pastime. Try www.alltournative.com for a guided trip into a cenote.</p>
History	<p>Tulum: A popular excursion combines a visit to the ruins at Tulum with the ecological water park Xel-Ha . A wall surrounds the site on three sides, which explains the name (tulum means fence, trench, or wall). Its ancient name is believed to have been Záma, a derivative of the Maya word for "morning" or "dawn," and sunrise at Tulum is certainly dramatic. The wall is believed to have been constructed after the original buildings, to protect the interior religious altars from a growing number of invaders. It is considered to have been principally a place of worship, but members of the upper classes later took up residence here. Between the two most dramatic structures - the Castle and the Temple of the Wind - lies Tulum Cove. A small inlet with a beach of fine, white sand, it was a point of departure for Maya trading vessels in ancient times. Today it's a playground for tourists, and you can enjoy a refreshing swim. Admission to the site without a tour is \$3.50</p> <p>168km SW of Cancún</p> <p>Coba: Older than most of Chichén Itzá and much larger than Tulum, Cobá was the dominant city of the eastern Yucatán before A.D. 1000. The site is large and spread out, with thick forest growing between the temple groups. Rising high above the forest canopy are tall and steep pyramids of the Classic Maya style. Of the major sites, this one is the least reconstructed. But the structures themselves and the surrounding jungle and twin lakes make the experience enjoyable. This is not a cenote area, and the water has nowhere to go but stay on the surface. The forest canopy is also higher than in the northern part of the peninsula.</p>

1000 Places to see before you die	Chichen Itza , 2.5 hours drive from Cancun is the Granddaddy of Mayan ruin sites in the Yucatan Peninsula and one of the most grandiose in the Mayan world. What also makes this a wonderful site to visit is there has been much restoration done, the grounds are manicured and there are tourist services including restaurants, small museum, and stores selling items not found in Playa del Carmen or Cozumel.
Must Sees	Xcaret: Hanging out on the beach, scuba and snorkeling, cavern diving, visiting ruins, taking a siesta in a hammock under a grove of palm trees, hiking through tropical forest, meeting native Maya peoples - Xcaret has all that plus handicraft exhibitions, a bat cave, a butterfly pavilion, mushroom and orchid nurseries, and lots of wildlife on display (the park has several conservation programs for endangered species), native jaguars, manatees, sea turtles, monkeys, macaws, flamingos, and a petting aquarium. Children love it. What probably receives most of the comments is the underground river (a natural feature of the park and common in much of the Yucatán) that's been opened in places to allow snorkelers to paddle along with the current. There are also a number of tours and shows, including charros (Mexican cowboys) from the state of Jalisco, and the Totonac Indian voladores ("flyers" who do a daring pole dance high above the ground) from the state of Veracruz. Xcaret is 10km south of Playa del Carmen. It's open daily from 8:30am to 9pm. Admission prices are \$54 for adults, \$28 for children 5 to 12. www.xcaret.com

Diving	<p>Riviera Maya offers an unimaginable world of underwater beauty and is one of the best places in the world for scuba diving; it's famous because of its shallow reefs alive with the dazzling colours of fish and coral. Scuba diving in Cancun is so popular largely because of the Great Mesoamerican Reef (the Gran Arrecife Maya). This is the largest reef in the Western Hemisphere and the second largest coral reef in the world. The Great Mesoamerican Reef stretches from Punta Nizuc, which is at the tip of the Cancun Hotel Zone, all the way to the Bay of Islands in Honduras. Cancun's coastline is home to nearly 100 coral species, 350 molluscs and 164 species of reef dwelling fish.</p> <p>The Riviera Maya is also the home to the hawksbill sea turtle, crocodiles, lemon sharks and manatees.</p> <p>There are many fascinating scuba diving venues for both the novice as well as the more experienced diver. You have a choice of open water diving along the reef and there are also several sunken boats to add to the adventure. CULTURE	<p>Mayan Culture</p> <p>The Mayan civilization was among the original cultures of the New World and spanned more than 3,000 years. The Mayans lived mainly on the Yucatan Peninsula in the eastern one third of Mesoamerica and at its peak had one of the most densely populated and culturally dynamic societies in the world. Mayan culture is known for its spectacular art, impressive architecture, and sophisticated mathematical and astronomical systems which were all way ahead of their time.</p> <p>Mayan Architecture</p> <p>Mayan architecture spans many thousands of years. The most dramatic and easily recognizable are the fantastic stepped pyramids in places such as Chichen Itza and Coba to name but a few. A year ago Chichen Itza was named as one of the seven wonders of the world, and has been a UNESCO World Heritage Site for 20 years.</p> <p>The Mayan Calendar</p> <p>The Mayan Calendar was not the original Mesoamerican calendar, but with the refinements the Mayans made, it became the most sophisticated. The Mayan calendar along with the Aztec calendar are the best documented and most completely understood of all the Mesoamerican calendars</p>

Mayan art is considered by many to be the most sophisticated and beautiful of the ancient New World.</p> <p>Mayan Tree of Life</p> <p>The Mayan civilization recognised the four primary compass directions and each was associated with a colour – East with red, North with white, West with black and South with yellow. They also had a fifth ‘direction’ which was the center and this was a blue-green colour. The center was represented by a great ceiba tree known as the Mayan tree of life. This tree connected the center of the Earth with both the underworld and the heavens.</p> <p>Mayan Gods</p> <p>There were thirteen Mayan gods belonging to the thirteen of heavens of the Mayan religion and nine gods from the nine underworlds. Natural elements such as the stars and the planets, crops, numbers, days and periods of time each had their own gods. The mood of the Mayan gods changed according to the days in the Mayan calendar or the position of the sun, moon and stars. Some of most notable gods are Chaac – God of Rain and Thunder, Ixchel – jaguar goddess of midwifery, Ah Puch – God of Death.</p> <p>Today, the Mayan civilization and their descendants form sizable populations throughout the Maya area known as the Mundo Maya and maintain a distinctive set of traditions and beliefs. Over 500 different Mayan languages continue to be spoken today.</p> <p>To visit some of these sites and experience the beauty of the Mayan civilization really is an opportunity not to be missed during your Cancun vacation. During your vacation in Cancun you have the once in a lifetime opportunity to get up close to one of these amazing creatures.</p> <p>Whale Shark Facts</p> <p>The whale shark is a fascinating creature to behold, with its wide mouth extending to 5 feet when open. The whale shark swims with its mouth open, close to the surface of the water, and just sucks in the plankton. It then closes its mouth and forces all the unwanted water out of its gills and only the plankton remains. The whale shark has a unique checkerboard pattern on its back made up of creamy white spots and pale horizontal and vertical stripes with a white underbelly so is easily</p>

This pattern is why it is also often known as the Domino.</p> <p>Whale Shark Season</p> <p>If adventurers want to take advantage of this phenomenon, you must bear in mind that the whale sharks are usually found around the islands of Holbox and Contoy from May until September, although mostly during the months of July and August. They gather here due to the nutrient-rich water around these shores. In fact, 30th August has now been formally established as the Mexican Day of the Whale Shark.</p> <p>Tours to Swim with Whale Sharks</p> <p>You can book tours to swim with the whale sharks leaving Cancun from Punta Sam, which last about 5 hours, or you can take a trip to Isla Holbox and book it while you are there. If you choose to experience swimming with the whale shark you will be accompanied by experts who will provide you with all the necessary information to better understand the behaviour of these wonderful creatures. Take a look at some of our recommended tour operators. If you would like to swim with a whale shark just remember there is nothing to fear... they feed exclusively on plankton and are therefore completely harmless to humans. The experience is truly amazing and one you will never forget.</p>
Parks	<p>There is a plethora of beautiful nature reserves and protected areas you can visit near Cancun. You will get the opportunity to observe monkeys, flamingos, whale sharks, marine turtles, crocodiles and many more creatures in their natural habitat. The flora and fauna is also incredible! Puerto Morelos Reef National Park

The 9,066 square-hectare (22.402 sq. acres) park was set up in 1998. The barrier reef borders the Isla Mujeres West Coast, Punta Cancún and Punta Nizuc National Park.

Chinchorro Bank Biosphere Reserve

The Chinchorro Bank Biosphere Reserve was created in 1996. The country's best-preserved reef system covers 144,360 square hectares. A platform reef, it has the largest commercial population of pink conch and Caribbean lobster and is important for the fishing industry. It is also a sea turtle nesting ground and at least 93 bird species live in the area's mangroves. The reef is a fantastic spot for divers. It is also a magnet for scientists who study its biodiversity and underwater archaeological heritage (there are more than 20 shipwrecks here).

Sian Ka'an Biosphere Reserve

Declared a United Nations World Heritage Site, the Biosphere Reserve was created on January 20, 1986 and the Uaymil Flora and Fauna Protected Area and the Sian Ka'an Biosphere Reefs Reserve were created in 1994 and 1998, respectively. The three reserves cover an area of 650,000 square hectares. They incorporate areas of the principal ecosystems found in the Yucatán Peninsula and the Caribbean, where both Mesoamerican and Antillean species flourish. The barrier reef extends for some 120 kilometers (74.5 miles) and covers approximately 15,000 hectares (37.065 acres).

Castles/Forts	<p>Tulum Ruins is a small site. It has an excellent beach for swimming and cooling off, shopping and food. This makes an excellent half-day excursion and is easy to get to anywhere on the Mayan Riviera from Tulum to Playa del Carmen. You can use a tour company or go there yourself via collectivo.</p> <p>Coba is deep in the jungle a 45 minutes drive off of Hwy 307 just before Tulum. There is a lot more to see here than Tulum including large temples/pyramids. Taking a collectivo here can be done but it's not recommended; better to rent a car and drive yourself in or take a tour.</p>

Markets	Market 28 Also known as the Mercado 28 this is a huge flea market situated in the heart of downtown Cancun. It is a fun place to buy your souvenirs, Mexican handcrafts and silver jewelry at half the price of the Hotel Zone. Next door you will find Plaza Bonita, built to resemble a small Mexican village with colourful architecture and shops selling good quality Mexican handcrafts and pieces of art.
Nightlife	For a night out, Playa del Carmen is the place to go. Almost all activity take place around Playa's 5th Avenue which is a pedestrian walk way filled with restaurants, sidewalk cafes, bars, handicraft stores where people from all over world get together giving this town its cosmopolitan atmosphere - The Blue Parrot is particularly well known.

CUISINE	
Food	The annual Mexico-Caribbean Food Festival , featuring special menus of culinary creations throughout Cancun, is held each year over the first two weeks of November.
Drink	Tequila! Tequila is a blue agave-based spirit made primarily in the area surrounding the city of Tequila, 65 kilometres northwest of Guadalajara, and in the highlands (Los Altos) of the western Mexican state of Jalisco. Try the different varieties available. Beer: Many think that as long as it is cold and being imbibed anywhere in Mexico... whatever it is, it IS the best beer. Bohemia, Negro Modelo, Modelo Especial, Dos Equis, Dos Equis Amber, Pacifico, Montejo, Victoria, Tecate Light, Sol, Leon and the ubiquitous Corona are all well liked and satisfying. Carta Blanca is also an old, satisfying beer. Barriardo Lessardo is pretty good as well..... When touring off of the resort find a small convenience shop. They will give you a few options other than the norm. Try the Corona Familiar (a huge quart) which cannot be bought in Canada. It tastes a bit stronger but is more pleasant tasting than the regular corona. Also, try the Corona Cerveza de Barril. (They look like little "Mickey" Bottles.) It is also much better than Corona regular. If you have the opportunity to be in Mexico over the Christmas season, try the Noche Buena by Dos Equis. It is a darker full flavored brew that is not exported either and can only be found in Mexico.
Restaurants	The resort located restaurants are often first class in this area. U.S.-based franchise chains, which really need no introduction, dominate the Cancún restaurant scene. These include Hard Rock Cafe, Rainforest Cafe, Tony Roma's, TGI Friday's, Ruth's Chris Steak House, and the gamut of fast-food burger places. La Cueva del Chango in Puerto del Carmen is recommended: Good food in original surroundings with a relaxed "mañana" attitude.

True to its name ("The Monkey's Cave"), the place suggests a cave and has little waterways meandering through it, and there are two spider monkeys that hang about in the back of the place. But take away the water and the monkeys, and, oddly enough, it brings to mind the Flintstones. You'll enjoy great juices, blended fruit drinks, salads, soups, Mexican specialties with a natural twist, and handmade tortillas. The fish is fresh and delicious.

Yaxche: The menu in this Puerto del Carmen eatery makes use of many native foods and spices to present a more elaborate regional cooking than the usual offerings at Yucatecan restaurants. Excellent examples are a cream of chaya (a native leafy vegetable), an xcatic chili stuffed with cochinita pibil and the classic Mexican-style fruit salad with lime juice and dried powdered chili. There are several seafood dishes that are fresh and well prepared.
