<p>History of Tremblant Resort</p>	<p>From the installation of the first chair-lift in 1939 until today, Mont Tremblant resort has been able to develop its potential to become the largest and most varied skiable terrain in Eastern North America. Today, Tremblant is no longer just a ski resort: year round, it offers plenty of activities and it's always an extraordinary holiday destination. Mont Tremblant resort distinguishes itself not only by the first class resort experience that it provides, and by its accommodation, but also by the harmonious mixture of cultural offerings, sporting events and family activities that it offers its guests.</p>
<p>History of Tremblant Area</p>	<p>The Laurentians were not colonized until late during the 19th century, when Father Antoine Labelle decided to populate the North with French Canadians in reaction to the threat of protestant expansion. He chose the sites based on the richness and fertility of the soil, on access to water ways and on the layout of the railway line he planned to build. These brave settlers faced a difficult beginning, initially fighting poverty and surviving on meagre crops, but eventually thrived and benefited from the Father's generosity and vision.</p> <p>He sensed that one day tourism would be an important resource for the region, and worked arduously for the inauguration of the Montreal-Saint-Jerome railway line in 1879. This was an important contribution to the development of the region and eventual growth of tourism. In December 1892, the whistle of the locomotive was heard for the first time by the residents of Saint-Jovite, putting an end to the isolation.</p> <p>In 1938, Joseph Bondurant Ryan, a young wealthy American from Philadelphia who had come to the North to do some gold prospecting, he was taken by the beauty of the majestic "mountain of the spirits". He had climbed to the summit, and upon seeing the breath-taking view of the snow-covered landscape, Jo Ryan vowed to transform the wilderness at the foot of the mountain into a world-class alpine village. Just on year later, in February 1939, his dream was realised, when the Mont-Tremblant Lodge, with its architecture reminiscent of Old Quebec, opened.</p>

	<p>In 1991, as the alpine village teetered on the edge of bankruptcy, the biggest promoter of alpine resorts announced that it would buy the Mont-Tremblant Lodge and promised to pursue Jo Ryan's dream...to make Mont-Tremblant one of the best leisure destinations in the world. Ten years later, the Mont-Tremblant Lodge has been transformed at a cost of \$850 million into the magnificent pedestrian village of Tremblant. And in the next ten years, Intrawest has plans to build two more alpine villages on the North side and on the versant Soleil of the mountain.</p>
